

MoM-2

DATE: 03-02-2025

- Demonstrated UI created
- Company can say 100-150 projects for all
- Quarterwise comparison.
- ProjectWise comparison for the clients.
- When logged in, client should be able to see status of all their progress.
- It should be like a dashboard in the start itself.
- Flexible options to manage visualisations, to manage the permissions to the admin to control clients.
- Supposed to get log framework from Anusandhan
- Structure such that the visualisations can be dynamic
- Mostly giving input capabilities to admins
